

## **NOW TELL US ABOUT YOUR IDEAL HOME THEATER**

### ***Want elevated auditorium seating?***

Think about it . . . your own mini-auditorium where friends, family and the kids—no matter how tall or short—can all sit comfortably so that no one misses anything on the screen.

### ***Want a hidden movie screen?***

Just let us know. And while we're on the subject, don't forget to ask us about hidden speakers or hidden electronics.

### ***Want a bar installed with your Home Theater?***

What would a movie theater be without a place for drinks, and candy and popcorn . . . and a place to congregate during the big game or after the show?

## **PURE SIGHT & SOUND—THE PROMISE**

- Your system will work perfectly.
- Your Home Theater won't look like anyone else's.
- The only drama will be on the screen.

## **PURE SIGHT & SOUND—THE PROMISE FULFILLED**

*I would like to say that Pure Sight & Sound did a wonderful job on our home theater! After talking about what we wanted (a very "clean" looking theater that was easy to operate) they started with my unfinished basement and transformed a big part of it into an AWESOME home theater, complete with handmade bar, projection room, electronics that are hidden in the wall, remote control draperies, a great projector, and unbelievable sound. They even installed seat shakers for the big BOOMS. Best of all, the whole system is so simple to use! . . . Pure Sight & Sound definitely provided more than we were expecting . . . We now have a space that we are proud to entertain our friends in! I refer Pure Sight & Sound to my friends & investment clients all the time.*

*We are thrilled with our new home theater system. Now we feel like we are there with the actors as a part of the movie. It is amazing how much the sound quality makes a difference. I am surprised to say it is as important if not more important than the picture quality. Now we experience the movie rather than watch it. Pure Sight & Sound installers are genuinely good people who we felt very comfortable having in our home. The equipment was even better than what we had contracted for.*

*My wife and I were looking to build a second home theater in our new home and had used Pure Sight & Sound for limited products in the past. When we returned to them in November of 2007 with our new project and after visiting two other competitive establishments, we were not disappointed in our decision to go with these guys. Ed Kmetz (owner) greeted us personally, sat with us and allowed us to talk direct to the manufacturers during our consultation that no other business we visited provided. Pure Sight & Sound then designed a system that not only met the needs of the space we were utilizing in the home but met our budget as well. They provided on time and accurate installation and we have no doubt in our minds that Ed easily met and exceeded our expectations. I would recommend Pure Sight & Sound to anyone with any audio/visual requirements!*
